## DOCTOR OF NURSING PRACTICE FAMILY NURSE PRACTITIONER BOARD CERTIFIED

A detailed-oriented Doctoral prepared Advanced Practice Nurse with experience in both patient care and leadership. Trusted healthcare professional with exceptional communication that promotes a culture of accountability. I choose to lead by example, exhibiting a passionate work ethic, and setting a clearly communicated collaborative goals. I see staff as accountability partners, when properly invested in, the frontline staff can exceed expectations. Developing an excellent team requires innovative thinking, and a willingness to invest the time in intimately understanding the process to achieve the greater mission. I am able to forge partnerships with internal and external stakeholders necessary to build upon the existing framework and build a system that has the potential to optimize the health and wellness of others. I have expertise in leading quality improvement projects and teams that utilize evidence based research to develop and guide improvements, that prioritize outcomes that are measurable and data driven. As well as extensive experience in the development and implementation of policies and research that are evidence based, culturally appropriate and organizationally structured to succeed.

## KEY COMPETENCIES

Ability to supervise, coordinate, monitor and evaluate the performance of programs and staff.

Health promotion and disease prevention, are rooted in health literacy. This is the basis of my DNP research

Collaborate and consult with multidisciplinary agencies utilizing highly effective written and verbal communication.

---

## PROFESSIONAL EXPERIENCE

### **Kaiser Permanente**

**Feb 2016 - Present**

#### **Registered Nurse**

Served fellow nurses as a lead and resource. Providing onsite after-hours oversight and supervision to Urgent Care staff and patients. Organized, developed and tracked unit based performance improvement processes to lead a Level 5 quality improvement program, that addressed all points of Kaiser Permanente's mission goals. Onsite hands on leadership supervising departmental oversight for up to 100 patients seen daily. I have worked in Urgent care, Rheumatology, Flu clinic, Covid Clinic. Utilized electronic medical records and various healthcare technologies.

#### Accomplishments:

- Research Committee member: assist in the development, evaluation of evidence based research with a goal and focus on improving patient outcomes.
- Workplace safety committee member: I provide consultation and advocacy for front line staff during interdisciplinary workshops and meetings related to decreasing the incidence of workplace violence. Participating as an engaged, committed team member, focused on excellence.
- Former Chair of the Nurse Practice council: advocating for implementing, monitoring, and revising policies and regulations that impact patient safety and employee engagement.
- UBT Co-Lead: facilitated meetings, advocated for quality improvements that are unit driven and specifically driven by front line staff.
- Exceptional patient care provider.

### **Lake Ridge Surgery Center**

**Jan 2013 - June 2017**

#### **Registered Nurse**

Provided leadership and assistance in the establishment of program policies that initiated the foundation of the organization. Coordinated the services and monitored the regulatory standards set forth by JHCO.

#### Accomplishments:

- Infection Control administrator
- Quality and Risk Program Manager
- Pre-Op and PACU Registered Nurse
- Prepared Board Meeting Minutes, monitored and tracked center metrics, developed and managed quality improvement objectives and evaluation methods.

**Sentara Emergency Room and Lake Ridge Freestanding ER**

Dec 2011 - March 2015

**Charge Nurse**

Provided direct patient care, and supervision over emergency room staff and personnel seeing well over 200 patients daily,

## Accomplishments:

- Clear communication
- Flexible, accomodating additional responsibilites such as development of staff in-services and educational activies like skills workshops.

**Spotsylvania Regional Medical Center**

April 2010- Dec 2012

**Registered Nurse**

Provided coordinated quality competent patient care that is rooted in evidenced based research and practices. Provided community based preventive care screening, along with a focus on being a tool able to provide health and wellness influence in the community

## Accomplishments:

- Emergency Room Charge Nurse: Supervise patient flow, coordinating service needs for the department, while supporting staff members, and providing leadership that is rooted in clear collaborative communication.
- Health Drive Marketing Nurse: engaged community stakeholders in addressing preventative health screenings in community settings.
